

SENATE BILL 2122

By Reeves

AN ACT to amend Tennessee Code Annotated, Section 63-10-216, relative to pharmacies.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Section 63-10-216, is amended by deleting the section and substituting the following:

(a) Prior to initial licensure in this state as a compounding pharmacy, a pharmacy located outside of this state must have an inspection by the regulatory or licensing agency of the state in which the pharmacy practice site is physically located. Out-of-state pharmacy practice sites must provide a copy of the most recent inspection by the regulatory or licensing agency of the state in which the pharmacy practice site is physically located, or an equivalent inspection accepted by the board, that must have been within the previous twelve (12) months. Prior to renewal of its license in this state, an out-of-state pharmacy practice site must provide the most recent inspection by the regulatory or licensing agency of the state in which the pharmacy practice site is physically located, or an equivalent inspection accepted by the board, that must have been within the previous twelve (12) months. The board of pharmacy may require additional information before issuing or renewing a pharmacy license to ensure compliance with applicable laws of this state and any rules and policies of the board.

(b) Any compounding pharmacy having an active Tennessee license shall notify the board within fourteen (14) business days of receipt of any order or decision by a regulatory agency, other than the Tennessee board of pharmacy, imposing any disciplinary action, including any warning, on the pharmacy.

(c) Any pharmacy engaged in compounding must comply with relevant United States Pharmacopeia (USP) guidelines as adopted by the board by rule or policy.

(d) Any pharmacy engaging in sterile compounding, except hospital pharmacies compounding for inpatients of a hospital, shall make available to the board the quantity of sterile compounded products dispensed in a defined time period in accordance with policies adopted by the board upon request. However, the executive director of the board may request this information from a hospital pharmacy for cause and the hospital pharmacy shall respond in a timely manner as defined by the executive director of the board.

SECTION 2. This act shall take effect upon becoming a law, the public welfare requiring it.
